Re: Thank You for Christmas Gifts

16 January 2018

Dear Ann, Gerald and additional donors,

We are extremely grateful for the great effort put into providing gifts for all the children in our projects and others in need in the community. You provided children with a sense of festive joy and excitement, that is truly immeasurable.

By providing our children with opportunities that allow them to partake in the joys of life, is a blessing that will inspire them to be more and also, uplift their sense of self-worth.

May you all and your families have a blessed 2018.

Yours in community

Sophie

Co-ordinator
